MOTOR VEHICLE LEAVE PERMISSION FORM

2009-2010

It is the policy of River City Rhythm not to allow students who are under the age of 18 to leave practice or show sites unless it is with a parent or guardian. We understand that under certain circumstances the parent or guardian is unable to meet the transportation needs of the student and may rely on alternative means to transport the student. Please fill out this form to tell us what your intentions are for your underage student. Recognizing accountability of the individual student, River City Rhythm will enforce this policy to the best of its ability; however, it is ultimately the parent or guardian's responsibility to enforce the rule with their student and the student's responsibility to follow the wishes of their parent or guardian. Please discuss this form with your student and make them aware of your decisions and the standing policy of River City Rhythm.

I hereby give my child/ward, _____, permission to leave the River City Rhythm practice site and or show site in a motor vehicle, or any other mode of transportation, whether privately owned or commercially operated (check all that apply – be specific in directions):

I understand that by my execution of this form it is presumed that it will act as permission for the entire 2009-2010 season, unless I revoke it in writing and the revocation is delivered to the board of directors or head instructor. Furthermore, I understand and agree to hold River City Rhythm, The Board of Directors, and Instructors harmless for damages related to any injury or death suffered by my child or ward following his or her departure from practice or show sites. I further understand that while River City Rhythm will enforce this policy to the best of its ability, under no circumstances will staff or volunteers physically restrain a student in an effort to enforce my wishes. I agree that ultimately it is my responsibility to transport and secure my child or ward's safety and it is my child or ward's responsibility to abide by my wishes.
